

# Alexandre Marques Dias

1741-10050 Place de l'Acadie Montréal, QC/ (514)962-4172 / [amdias@protonmail.com](mailto:amdias@protonmail.com) / Languages : french, english, portuguese

My portfolio website : <https://alexmdias.github.io/>

## Programming languages

**C++:** OpenGL, GLSL, LibiGL, Skia, WebAssembly, Emscripten (With **javascript**)

**Python :** OpenCV, Numpy, Pandas, Boto3, Dash, SkLearn, BluePy , TensorFlow

Other : Mathematica, Javascript, HTML/CSS, Bash, C, C#, MIPS assembly

## Knowledge

**Programming:** Algorithms, Data Structures, Artificial Intelligence (mainly computer vision)

**Graphics:** WebGL, OpenGL, Vulkan, GLSL, LibiGL, Threejs, Skia rendering engine, Shading, Real-Time Shaders, Raytracing, Path Tracing, Geometry processing, Calculus, Linear Algebra, Animation, Typography rendering, Blender, Unity,

**Computer Vision :** OpenCV, Image processing techniques, Machine learning in computer vision

**Software:** Git, Github, Linux, MacOS, Windows, Amazon Web Services, Anaconda, Docker, Slack, Jira

## Experience

**Corel Corporation** - C++ graphics R&D developer

| June 2022 - January 2023 - Full-time then part time

Employed to work on the CorelDraw graphics suite. I was tasked with developing typography rendering technology with the skia graphics engine (vector graphics, language encoding, font encoding, glyph rendering)

**Aquassist, Magnus Produits Chimiques** - Python developer for chemical analysis devices

| May 2021 - August 2021 - Full-time

Internship of 4 months in Magnus's research and development branch : Aquassist. I was employed to develop innovative portable chemical analysis devices.

**National Research Council Canada (NRC)** - AI Developer for a conversational agent in Unity

| June 2020 - June 2021 - Part-time

Employed by the NRC to develop a conversational AI simulating varying personalities for research purposes in the criminology field.

## Education

**University of Montreal**, - Masters of Computer Science (in computer graphics) - 2022-2024

**University of Montreal**, - Bachelor of Computer Science - 2019-2022

Other Skills : **Visual arts** [portfolio](#)

Excellent team player, passion for learning, quick to adapt
